## DEAN'S MESSAGE

*Dr. David Crean*

**Welcome to the newly redesigned *Trumpetings!*** Thanks to Rachel Lammi for agreeing to take on the editor role of our chapter newsletter, which will go back to monthly issues. The newsletter will also now include an abbreviated list of current job postings. For the full listing information, click on the link at the bottom of the list to be redirected to the chapter website.

Unfortunately, our January and February events had to be cancelled due to the spike in COVID-19 cases associated with the Omicron variant. Fortunately, those case numbers have rapidly declined, and I'm hopeful we'll be able to hold the remainder of our events for this program year. For more information on chapter events, as well as upcoming organ-related events around the Miami Valley, see below.

The 2020 AGO national convention in Atlanta had to be moved entirely online, but the 2022 convention in Seattle is still slated to happen live, July 3-7. Marianne and I will be welcoming our first child in mid June, so I won't be attending, but it would be great to have a chapter presence there. The registration rates go up the closer it gets to the convention, so register early if you plan to go! Seattle is a great organ city, and for once the national convention isn't in the south in the heat of the summer! More information is at [agoseattle2022.com](http://agoseattle2022.com).
